

OATH OF A PHARMACY TECHNICIAN

As a pharmacy technician, I am an essential member of the healthcare team, entrusted with responsibilities that impact patient outcomes. This oath is my commitment to the values that guide the pharmacy profession.

- I will place the health, safety, dignity, and well-being of every patient at the center of my work.
- I will uphold the trust placed in me by acting with integrity, professionalism, and respect and by protecting patient confidentiality.
- I will accept responsibility for my actions and hold myself accountable to my patients, colleagues, community, and profession.
- I will commit to continuous professional development to assure safe and effective patient-centered care.
- I will support, mentor, and encourage pharmacy professionals and learners at every stage of their career.
- I will respect the diverse backgrounds, cultures, and experiences of all individuals and promote belonging and health equity for all people.
- I will collaborate with pharmacists, healthcare professionals, patients, and caregivers, fulfilling my responsibilities as a pharmacy technician within my scope of practice to promote safe, effective, and compassionate patient care.
- I will uphold the highest ethical and legal standards and promote a culture of safety, quality, accuracy, and accountability in every practice setting.
- I will advocate for the advancement of pharmacy technicians and pharmacy practice.

With this oath, I pledge to uphold these principles throughout my career and to honor the trust placed in me as a pharmacy technician.
